ENGMAR | Innovative extraction solutions for the protection of welders

ENTA EXTRACTION TABLES

MADE IN FRANCE

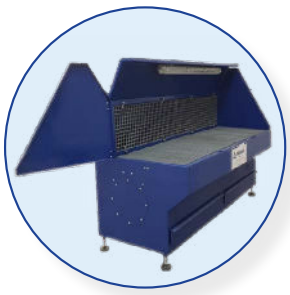
PRODUCT ADVANTAGES

- **Efficient extraction of welding fumes** and projections from cutting and grinding.
- Tables compliant with INRS guideline recommendations.
- **Various models and table dimensions** available.

OPTIONAL LIGHTNING
Improves visibility at the workstation

TEXTURED PAINT
For a better lifespan

PIVOTING SHUTTERS



INSTALLATION FLEXIBILITY
The network can be connected according to the desired placement of the table

LARGE PARTICLES COLLECTION DRAWER
- Easy maintenance
- Maintenance cycles spacing
- High collection capacity

ADJUSTABLE TABLE HEIGHT
4 adjustable feet

4 MODELS AVAILABLE

PRODUCT DESCRIPTION

The ENTA extraction tables extract welding fumes and metal filings from cutting and grinding directly at the workstation. They have been designed to ensure extraction as close to the emission source as possible. Whether standalone or connected to a centralized network, ENGMAR extraction tables comply with INRS guidelines.

PRODUCT SPECIFICITIES

- Paint finish RAL blue 5002 and grey 9006 (other colors available on request)
- Predefined worktop height: 800 mm
- Standard grating for welding and grinding
- 60x5mm sacrificial plates for cutting operations (zippering)
- Drawer with slide for heavy slag recovery
